See Appendix two for table of Financial thresholds for procurement.

13. The Public Contracts Regulations 2015 implement the new Public Sector Procurement Directive (2014/24/EU) which provides modernised rules for the procurement of goods, services and works, above certain thresholds for public authorities.

13.1 Many of the requirement of the regulations only apply in relation to procurement over the value of £181,302 (From 1st January 2018) for the supply of goods and services, £4,551,413 for public works contracts, and are therefore very unlikely to apply to the Town Council.

13.2 However the major change under the Public Contracts Regulations 2015, affecting the Town & Parish Council sector, is that local Councils undertaking procurement over the value of £25,000 are now required to register the contract under the Government 'Contract Finder' website and comply with other 'light touch' rules as set out in the Regulations.

13.3 However, where a local authority has existing Standing Orders/Financial Regulations in place that have a higher value for advertising procurement opportunities, the higher value applies rather than the £25,000.

13.4 Where the Town Council intends to procure or award a public supply contract, public service contract or public works contract as defined by the Public Contracts Regulations 2015 which is valued at £25,000 or more the Town Council shall comply with the relevant requirements of the regulations.

13.5 Contracts over £25,000 (ex vat)

(a) Where it is intended to enter into a contract exceeding £25,000 (ex vat) in value for the supply of work, goods or services the Council will publish the opportunity via 'an invitation to tender' on the Government's Contracts Finder and the Town Council's website.

14. PROCEDURE TO FOLLOW PRIOR TO UNDERTAKING PROCUREMENT

14.1 Consider the nature of the procurement and determine exactly what will be required e.g. what needs to be procured, the contract specification, likely cost, budget available, availability of suppliers and the preferred procurement method.

14.2 Obtain approval from the appropriate spending committee if the procurement relates to a capital project over the value of £5000.

14.3 If the proposed procurement is less than £5000 then the Town Clerk RFO need not but may seek 2 written quotations or tenders but regard to value for money must be observed in accordance with Financial Regulation 16 below.

14.4 Procurement activity between the value of £5001 and £24999 must follow the requirement of Financial Regulation 17 and seek two written quotations.

14.5 Procurement to follow for all procurement over the value of £25,000 and up to a value of £181,302 (as at 1/1/2018)

If the value of the proposed procurement is between the value of £25,000 and £181,302 the procurement opportunity must be registered on the Government's Contracts Finder website in accordance with the requirements of the Public Contracts Regulations 2015 and in accordance with Financial Regulation 18.

If the value of the proposed procurement is below £25,000 the Town Clerk RFO must strive to seek at least two written quotes.

14.6 Procedure for procurement over the value of £181,302 (as at 1/1/2018)

If the proposed procurement value is more than £181,302 then the full application of the Public Contractors Regulations is mandatory as the procurement is over the EU threshold.

The tender process must comply with EU Directives as per Financial Regulation 19.

If the proposed procurement value is less than £181,302 the procurement opportunity must be registered on the Government's Contracts Finder website in accordance with the requirements of the Public Contracts Regulations 2015 and in accordance with Financial Regulation 18.

15. Procedure prior to procurement

- 15.1 Before commencing the procurement process the Town Clerk RFO should ensure that they have:
- Considered the objectives of the procurement;
 - Considered the need to achieve value for money;
 - Verified the lawful nature of the proposed procurement particularly when the procurement activity relates to a new service or initiative or an irregular payment;
 - Appraised the need for the expenditure and its priority;
 - Ensured that sufficient revenue or capital programme budget provision exists;
 - Informed the Town Mayor if the expenditure is unexpected, unbudgeted, or is likely to be material;
 - Referred to the Financial Regulations in order to determine the required procurement action.
 - Considered which procurement method is most likely to achieve the purchasing objectives and achieve value for money e.g. negotiating with existing suppliers, testing the market, utilising professional advice e.g. surveyors, architects etc.
- 15.2 In all cases where the procurement is over £5000 and relates to a capital programme project approval must be sought from the Town Council before proceeding.
- 15.3 All regular expenditure relating to the Revenue Budget and any Capital Programme Budget expenditure that is less than £5000 does not require approval from the Town Council before spending but the procurement process must follow the requirements of the Financial Regulations and obviously will go to full Council on the usual payments list. (Town Clerk RFO can submit to full Council prior to spending if felt appropriate).

- 15.4 However, if the procurement involves unbudgeted revenue or capital expenditure approval must always be sought from the full Council before proceeding.
- 15.5 Town Clerk RFO may consult with potential suppliers prior to any issue of any invitation to quote or tender; but only in general terms about the nature, level and standard of the supply and other general matters, provided that this does not prejudice any potential candidate.
- 15.6 When seeking more than one quote, Town Clerk RFO should avoid seeking technical advice from suppliers, as this may prejudice the equal treatment of all potential candidates.

16. Procurement up to and including £5000

- 16.1 Where the total value of the procurement is less than £5000 ex VAT, these Financial Regulations do not include a formal requirement to seek two written quotes or tenders, although there is nothing to stop the Town Clerk RFO from doing so.
- 16.2 What is important is that the Town Clerk RFO is satisfied that value for money i.e. economy, efficiency, and effectiveness in the use of public money has been achieved.
- 16.3 This could be demonstrated by informally seeking prices from a number of alternative suppliers e.g. via an internet search, using suppliers that have provided a good service and value for money to the Town Council in the past or negotiating a better deal with existing suppliers.
- 16.4 Records for procurement under £5000 should be kept i.e. supplementary evidence relating to the purchase should be retained including copy purchase orders, price lists, web page prints, emails, invoices etc.

17. Written Quotations (Procurement over £5,001 and up to and including £24,999 ex VAT)

- 17.1 Where the procurement of the goods, materials, services or works is in excess of £5000 but below £24,999, at least two written quotations are required to be obtained unless an exemption has been applied for under the requirements of these Financial Regulations.

- 17.2 The Town Clerk RFO will be required to set out ideally in writing the particulars of the procurement or a specification for the contract into which the Town Council wishes to enter, and to seek, via invitations to quote, at least two written quotations from relevant persons, suppliers or contractors able to provide the required goods, materials or services, or undertake the required works.
- 17.3 The Town Council does not have a select list of tenderers and the choice of suppliers should be based on the professional knowledge of the Town Clerk RFO under taking the procurement.
- 17.4 Every effort should be taken to obtain at least two written quotations and consideration should be given to seeking more quotes if more than two relevant suppliers are available.
- 17.5 If less than two quotes are actually received following the invitation to quote, this Financial Regulation permits only those quotations actually received to be considered. Further quotes do not need to be sought.
- 17.6 Upon receipt of written quotations the Town Clerk RFO will then be required to evaluate the quotes received against the requirements of the procurement or the contract specification and recommend the preferred contractor, including the reasons if the lowest price is not accepted or if less than two quotes were received.
- 17.7 All procurement relating to capital projects over £5000 must be reported to full Town Council, including details of the quotes sought and received and the recommended contractor, including the reason if the lowest price is not accepted.
- 17.8 There are a number of items of expenditure relating to the Revenue Budget which are over the value of £5000.
- 17.9 However, as these are regular payments already well-established with the Revenue Budget these Financial Regulations do not require revenue expenditure to be reported to the full Town Council other than on the payments list at meetings.

- 17.10 However, a record of the decision to incur any revenue expenditure over the value of £5000 will be on the website as we will publish all payments over £250 under the Transparency Policy.
- 17.11 Additionally, if the procurement involves unbudgeted revenue or capital expenditure or a request to use the contingency sum, approval must be sought from the full Town Council before proceeding.
- 17.12 The following supporting records must be kept for all procurement activity between the value of £5,001 and £24,999 -
- Copies of invitations to quote;
 - Copies of any contract specification;
 - Copies of all quotations received;
 - Reports to full Council;
 - Purchase orders, emails, invoices;
 - Copies of any contract where relevant;
 - A record of the reasons if the lowest price was not accepted (STC have no obligation to accept the lowest or any price);
 - Copies of correspondence with the successful contractor.

18. Public Notice of Contract on Contracts Finder (Procurement over £24,999 up to and including £181,302 net of VAT) at 1/1/2018.

- 18.1 This Financial Regulation will have effect where the Town Council is undertaking a procurement exercise for the supply of goods, materials, services or works that is over the Public Contracts Regulations threshold of £25,000 but below the EU threshold of £181,302.
- 18.2 This Financial Regulation will only apply on the occasions that the Town Council itself manages the procurement exercise and not in cases where the contract is to be managed by another local authority.
- 18.3 In such cases where the Town Council is undertaking a procurement exercise, quotes or tenders will be sought via the Government's Contracts finder website, in accordance with the requirements of the Public Contracts Regulations.

- 18.4 The public notice must set out the nature and purpose of the contract into which the Town Council wishes to enter, and must include the time by which interested parties must respond, how and to whom to respond, and any other requirements to enable participation in the procurement.
- 18.5 The Town Council must also, by means of its website, offer unrestricted and full direct access, free of charge, to any relevant contract documents.
- 18.6 The Town Council must not include a pre-qualification stage in a procurement exercise whereby the Town Council assesses the suitability of candidates with a view to reducing the number of candidates who will proceed to a later stage in the process.
- 18.7 The Town Council may ask candidates to answer 'suitability assessment questions' relevant and proportionate to the subject of the procurement, such as whether candidates meet minimum standards of suitability, capability, legal status or financial standing.
- 18.8 Detailed tendering procedures including instructions for tenderers, standard conditions of tender, submission, receipt and opening of tenders, shortlisting, evaluation and award of contract and the withdrawal of tenders are set out in Financial Regulation 20.
- 18.9 The Town Council need only consider those expressions of interest or tenders received and if fewer than two organisations have responded to the public notice, the Town Council does not need to seek further tenders.
- 18.10 When a contract is awarded, the Town Council must publish on the Contracts Finder website, the name of the contractor, the date on which the contract was entered into, the value of the contract, and whether the contractor is a SME (small or medium sized enterprise);
- 18.11 The following supporting records for all procurement between the value of £25,000 and £181,302 would be expected to be retained:
- A copy of the electronic notice published on the Contracts Finder website;
 - Cuttings or copies of any newspaper or magazine advertisement(s);

- The tender document including contract specification if relevant;
- Completed tender documents received from candidates;
- The contract document if relevant;
- A record of the reasons if the lowest price was not accepted;
- Copies of all written correspondence with candidates during the tender process;
- Post tender correspondence with the successful contractor;
- Post contract evaluation and monitoring records.

18.12 It is unlikely that the Town Council would consider procurement over £181,382, should that happen a Financial Regulation will be written to cover that purpose.

19. Invitation to Tender & Instructions for Tenderers

19.1 The invitation to tender must state that no tender will be considered unless it is received by the date and time stipulated. No tender delivered in contravention of this rule will be considered.

19.2 All invitations to tender will include the following information:

- A specification of the goods, materials, services or works that required, describing the Town Council's requirements including any British or European Standards that apply, in sufficient enough detail to enable the submission of consistent and competitive tenders;
- A requirement for the candidate to declare that the tender content, price or any other particulars concerning the tender have not been disclosed to any other party;
- A requirement for the candidate to complete fully and sign all tender documents;
- Notification that tenders are submitted to the Town Council on the basis that they are compiled at the candidate's expense;
- A description of the award procedure and a definition of the award criteria see Financial Regulation 21.
- A stipulation that any tenders submitted by email or any other electronic means will not be considered;
- The method by which any arithmetical errors discovered in submitted tenders will be deal with, in particular whether the overall price prevails over the individual rates in the tender;
- A statement that the Town Council is not bound to accept the lowest or any tender received;

- A statement that unless otherwise agreed by the Town Council tenders for a part or parts of the works, services, goods or materials will be rejected.

19.3 All candidates invited to tender must be issued with the same information at the same time, and subject to the same conditions. Any supplementary information must also be given on the same basis.

19.4 All invitations to tender must specify the terms and conditions of the contract that will apply. The content of contract documents is covered in more detail in Financial Regulation 25.

19.5 Candidates invited to respond must be given an adequate period of time in which to prepare and submit a proper tender, consistent with urgency of the contract requirement. This will normally be three weeks.

19.6 If so decided for any particular contract, the tender conditions should state that the Town Council may, in its absolute discretion, extend for all candidates the time and date for return.

20. Submission, Receipt and Opening of Tenders

20.1 Written tenders relating to formal contracts, and where an exemption to the Financial Regulations does not apply, shall be received in an official envelope supplied by the Town Clerk RFO for that purpose.

20.2 Such envelopes shall not bear any name or mark indicating the sender; and shall remain sealed in the custody of the Town Clerk RFO until the time appointed for opening.

20.3 On receipt by the Town Council, the envelope shall be initialled by the Town Clerk RFO and dated/time of receipt.

20.4 The Town Council shall be under no duty to consider any tender which is received after the time notified to candidates for return of tender or which otherwise does not comply with these instructions.

20.5 Tenders shall be opened at the appointed time and date by the Town Clerk RFO and Town Mayor or other Member if qualified for the purpose. All tenders will be opened at the same time and each

tender will be signed and dated by the Town Clerk RFO and Town Mayor/Member.

- 20.6 The Town Clerk RFO will maintain a record on the appropriate contract file of all the tenders received, including those opened and those tenders that have been returned as not complying with these instructions.

21. Award Criteria and Evaluation of Tenders & Contracts

- 21.1 Shortlisting & evaluation of tenders must have regard to the standards set out in the tender or contract specification and the award criteria for the tender or contract.
- 21.2 The Town Clerk RFO must obtain whether any British or European standards apply to the subject matter of the contract. These standards should have been clearly set out in the invitation to/tender and contract specification as set out in Financial Regulation 19 and are necessary in order to properly describe the required quality of the contract.
- 21.3 The Town Clerk RFO must also define the award criteria appropriate to the evaluation of the tenders and shortlist of candidates. Award criteria must be designed in order to ensure an outcome that achieves value for money for the Town Council, and demonstrates economy, efficiency and effectiveness in the use of public resources.
- 21.4 All tenders must be checked for arithmetic accuracy. If arithmetic errors are found they should be notified to the tenderer, who should then be requested to reconfirm the figures or withdraw the tender.
- 21.5 Where the Town Council seeks clarification of a tender, this must either be requested in writing or by way of a meeting during which recorded minutes must be taken.

22. Post Tender Negotiation

- 22.1 Post tender negotiation is defined as negotiations with any tenderer after the submission of a tender, but before the award of the contract, with a view to obtaining an adjustment in price, delivery or content.

- 22.2 However, if post tender negotiating results in a fundamental change to the contract specification, the contract must be re-tendered.
- 22.3 Post tender negotiation must not be conducted where EU Procedure applies, as this may distort competition with regard to price.
- 22.4 Post tender negotiation must be carried out by the Town Clerk RFO and the Town Mayor or another Member.
- 22.5 Post tender negotiations should only be undertaken with the tenderer who has previously been identified as submitting the lowest or most economically advantageous tender.
- 22.6 Tendered rates and prices can only be adjusted in respect of a corresponding adjustment in the scope of quantity included in the tender documents and contract specification.
- 22.7 The Town Clerk RFO must ensure that all post tender negotiations are properly recorded by way of minutes of any meetings held and that agreement to any amendments is made in writing between the tenderer and the Town Council.

23. Acceptance and Award of Tenders

- 23.1 All contracts must be evaluated and awarded in accordance with the contract specification and the award criteria as detailed in Financial Regulation 21.
- 23.2 The Town Council shall not be obliged to accept the lowest or any tender, quote or estimate.
- 23.3 Should it occur that the Town Council, does not accept any tender, quote or estimate, the work is not allocated and the Town Council requires further pricing, provided that the specification does not change, no person shall be permitted to submit a later tender, estimate or quote who was present when the original decision making process was being undertaken.
- 23.4 Unless otherwise decided by the Town Council acceptance of any tender will not give rise to a contract until a purchase order or formal contract document is completed and signed. Where the

invitation to tender stipulates a form of contract or specific contract terms, the form of contract or terms submitted by the tenderer shall not be deemed to be accepted by virtue of the tender being received.

- 23.5 Following acceptance of a tender by the Town Council the Town Clerk RFO should write to all tenderers who submitted a bid.

24. Withdrawal of Tender

In the event of any person, or organisation withdrawing a tender or declining to sign a form of contract on being called upon to do so after the tender has been accepted by the Town Council, no further tender from such person, or organisation, will in the absence of a satisfactory explanation, be considered by the Town Council.

25. CONTRACT & CONTRACT CONDITIONS

- 25.1 Procurement of goods, materials services or works, for which only written quotations are required, will be made by the issue of an official purchase order, duly certified by the RFO.
- 25.2 However, in specific cases for example where the services or works to be procured are of a specialised or technical nature a written contract may also be required, signed by the Town Clerk RFO and Town Mayor of the Town Council and an authorised representative of the contractor and sealed on behalf of the Town Council. **(Local Government Act 1972 - Notwithstanding anything in any rule of law, a parish council need not have a common seal, but where a parish council have no seal any act of theirs which is required to be signified by an instrument under seal may be signified by an instrument signed and sealed by two members of the council.)*
